English Speaking AuPair

[] Childcare

Hello Future Host Family, My name is Max, I am currently an au-pair and I plan to continue my Luxembourg au-pair experience after my contract expires in July. I have had previous childcare experience working at a preschool in Sweden including many opportunities to babysit for several families. I speak English fluently, and I have a basic understanding of French, and would love to improve on it. I love children, and I am entirely dedicated to the children I care for. I have had many opportunities in the past to organise fun activities and outings for children, which I especially love to do. I really good at cleaning, and organise any space. I also cook, and I'm looking forward to learning even more local recipes. I am willing to work 30hrs/week. I am also available for extra babysitting if necessary. I am a non-smoker, and I'm a responsible, calm and easy going person although a bit shy at first.
