

Nanny and Pet sitter

[] Childcare

Hello My name is Maja and I am 30 years old. I am coming from Croatia but lived 5 years in Ireland where I was studying Childcare and Montessori Pedagogy. My experience is working in the creche in Toddler unit, but occasionally we were covering other units which gave me a chance to work with all age children. During my employment I was always involved in toddler, wobbler, and baby seminars. I take this career very seriously and looking for a family who understands the value and importance of a nanny. My passion is organising activities for children according their age, and watching them happy when they succeed in their tasks. I also have a huge heart for children and making a difference in their lives. I am so excited to watch your children grow and discover what excites them in life and get to be part of exciting moments. I believe that communication is a key for happy relationship, but sense of humour has to be part of it as well. If you choose me to be part of your family you need to know that you can rely on me. I can also work as a pet sitter as I adore animals and I am myself a pet owner. Really looking forward hearing from you. Sincerely Maja
