

## **English-Speaking Babysitter**

[ ] Childcare

Hi! My name is Letizia and I am a 23 year old woman looking to care for children aged 2 - 16. I am a highly dependable babysitter with 4+ years of experience. Throughout my last work experience I was able to provide to the children I cared for a plan of activities that was valuable and easily adaptable to different needs. I am hence competent to respond quickly and creatively to unusual or difficult child care situations. I speak fluently English, Italian and Maltese. I am also learning French and German. My flexible schedule allows for last-minute babysitting. Feel free to contact me, should you wish to discuss in further detail about how I can accommodate the needs of your family.
