Aupair looking for a Host family in Luxembourg!

[] Childcare

I am 27 years old girl from the Philippines who have been an aupair to Norway for two years and Denmark for 2 years as well. Now, I am currently living in The hague, Netherlands as an aupair and been planning to stay until february of 2020 since aupair here is only allowed of a year stay. I like to meet and be around of children and participate in some activities. I sometimes buy groceries needed in the house, help them with housekeeping and cleaning. I pick up the kids from school every weekdays. I cook for dinner sometimes. I love cooking especially filipino foods. Before I came to Europe, I have been working in a company in Manila. I studied four years in Information Technology in one of the colleges in the Philippines. From the family that I am working now, they say that I am jolly, helpful and trustworthy. :)
