Reliable and Experienced Aupair from Denmark

[] Childcare

I am currently living with my host family here in Holte, Denmark as an au pair and my contract with them will end on July 2020. I have been very flexible, patient, trust worthy and caring person with an experience in childcare. I take my own initiative to help get things done. I always prioritize my host family especially the children whom I'm taking care of. I am an active person who loves outdoor activities. I am also very good with animals/ pets especially dogs. I also know how to cook and bake. I am always interested of new things especially learning other cultures and meeting other people and places in the world. Based on my experienced being an au pair I have 3 reasons why I still want to work as an au pair. First: I love children, the joy and happiness they share to me gives me feel younger. They lift my positive attitude all the time. I will dedicate myself especially to your kids of course as a big sister I will be going to guide them most of the time, give comfort and care, teach them the simple & right manners, make fun & play with them and I always give this every time I am with kids my 'patience'. Second: My Host family, I am willing to help as an au pair by doing my responsibility to be part of the family, will do the household chores and babysitting. This is also my way of help to lessen the burden or their stress of my host parent/s. I am also willing to give my loyalty and honesty for the benefits of having good harmony in the family. Third: Adventure, it is one of the best privilege as an au pair is to travel and meet new people in different places and it makes me super excited to do this sometimes, especially on my Holidays or free time. I am looking forward to live and work for your family.
