

Pet sitter and dog walker

[] Pet-sitting

Hello everybody! I'm Francesca, a 28-years-old natural animal addicted. I have much and very deep experience with dogs and cats, I grew up surrounded by them in my country house in the South of Italy. There I currently have five dogs and a cat that were abandoned near my house. I often take care of abandoned pets. I can certainly guarantee all my care and my love for your pets and everything they need. I speak Italian and English, I'm now starting learning French. I currently live in Echternach, I can easily reach many places of the country. I leave here my e-mail: francescaiandiorio@gmail.com. Contact me if you need a pet sitter who deeply loves animals! My best regards, Francesca
