

## Nanny/ Babysitter

[ ] Childcare

Hi! My name is Diana, short Didi, and I just finished my bachelors in the field of Graphic design in the Netherlands. The situation with covid does not allow me to travel at all, so I am looking for part-time job as a nanny. I speak native Bulgarian and English, very caring and smily person. Since i can remember I've been into different crafts like painting, crocheting and etc. I am the biggest child in my family so I've always had to look after my two smaller brothers and two cousins. The smallest one is 9 months old. That is my experience so far. I would love to look after your little treasures , so please contact me if you want to get to know me better and ask me more questions! Thank you! :)
