

## Looking a nanny position in Luxembourg (June 2022)

[ ] Childcare

Hi, I am Irene Balatayo 28 years of age and I am living here in Netherland for 5 months as an au pair. After these I am interested to stay more in Luxembourg that's why I am looking for another family to be with as your nanny for the future, I am gladly to move with you by June 2022. Please just send message me for more details, I would love to talk you more as well. You could reach me via WhatsApp +31636471813. Thank you. I have been exposed to Babysitting/Au Pair for almost 6 years. I've been an au pair in Norway for 2 years and taking care kids at age of 9 years old (boy) and 5 years old (girl). My weekdays routine is to wake up the kids and help them get ready for the school. I prepare their breakfast and also the kids lunch pack, so the parents can go to their work early.. During the day when they're gone out of the house it is my time to do my household chores: cleaning the whole house, laundry and ironing. I usually give focus to the youngest, I pick her up after school and have the snack ready and play with her. I do prepare for dinner when they want me to cook. Weekends is my day off but sometimes(mostly Saturday) they will ask me to babysit if the parents wants to spend time with friends or in any reason and I spend my time on Church every Sunday. I enjoyed my stay with Norwegian family and spending time with the kids. In Denmark I stayed with my Danish family for 2 years and 3 months, they are amazing family and yes they have grown up teenagers 16 and 14 years old both boys and they are both independent in their school things. my task for them is to tidy up their bedroom and clothes. Besides them I am also taking care of their very sweet dog (named Aslan) that always knocking on my door, to get him out for a walk, play and pee/pou. I do the same household chores, cleaning the house, ironing, laundry and cooks for meals every day. In Denmark, I spend my Church every Saturday because most of my churchmates are free and we spend time with other friends every Sunday. In Luxembourg I stayed a 1 year contract in Luxembourgish and Swedish family with 3 years old and 15 moths old when I started on them. As an Au pair I do the same routine, household chores, make for dinner to them, and I am the one to send them at school and pick up them to give food in creche and play in the playground. I do also a babysitting when they ask. In Netherland, I currently living here for 5 months with Dutch family with 3 boys, 9 years old, 6 years old, 3 years old. In morning I prepare their lunch box, after they left I will make the house chores. In the afternoon I would pick up the youngest for he attend in school only half days after that I will make him for lunch afterwards we go to playground until I pick up the other 2 boys in school. I usually cook a dinner for them. I have also babysitting of them in the night. If you have more question don't hesitate to contact me. I am looking for a position of nanny, I would love to know you more future family especially your sweet kids. Thank you very much. Best regards, Irene Balatayo
