Looking for a babysitter - Bofferdange

[] Job offers

Hi all. I’m looking for a babysitter for occasional hours. I live in Lorentzweiler area and have one 3 year old boy and another baby girl coming in June this year. Therefore I need someone who can bond with my son and help us when our baby girl arrives. To start with we are looking for 5-6 hrs a week and once our daughter is here we will probably need some more hours. Hours will be flexible. Ideal candidate would be someone older with a big heart and experience with children. If interested please contact me via email and include some information about your experience, availability and also your expectation on hourly rate. Thanks!
