

Urgent - part-time declared - reliable, and caring

[] Job offers

Hello, my name is Ana Maia Brito and I live in Walferdange with my partner 5 minutes from the train station. I am currently studying still to finish my BA in Political Science & International Relations. I would love to find a, preferably declared, part-time job ASAP. I love kids and families, and I hope to build a mutually respectful and support based relationship. I am a reliable person, attentive, serene and (some tell me) I am a knowledgeable person. I can speak fluent English, French, Spanish, Portuguese and Swedish and a bit of German. I have immediate, *and pretty urgent* availability. We came to Luxembourg to study (our Masters) and to set roots, - we are an international experienced young couple, we intend to spend many years here, so I can be available indefinitely to watch and take care for your children if needed. I have some good experience working in garderie environment and also home baby-sitting. If you'd be interested I also have professional ability with playing the violin (I played from age 5 to 20yo in the Conservatoire Supérieur d'Anvers) and can teach it to your young one, or play for any events you would need a lovely reception including Church mass, Wedding reception, home celebrations, conferences and etc. I am interested in any job to develop my experience like: personal assistance, reception/admin, human resources, internships and social assistance, including services for people in need such as grocery shopping/cooking with plenty of skill and love/cleaning/dog-walking and old age support. Please contact me ASAP if you have a work that needs to be done by a willing, affable and intelligent person. I would be happy to meet whenever. My nr is +351932080081. Je vous souhaite une bonne journée et bonne continuation, merci, Ana
