

Aspiring Au Pair here

[] Childcare

I'm looking for a nanny/au pair career. Or I want to be a pet-sitter or assist you in daily living. I'm the eldest child, I was responsible for taking care of my young siblings. I also work as house helper while studying, for 5 years, that also includes taking care of many pets (cats&dogs). Currently, I'm not a passport holder since I live in one of provinces in Philippines which is Bohol where there is no site for dfa, there is online appointment in website but always no slots and there are also agents but it's expensive. But I'm looking for ways now because passport is really very important. Good day ???? You can contact me in WhatsApp +639638755712
