Hello, my name is Daniela, I'm 26 years old and I have a master's degree to work as an educator and 1st cycle teacher. I am responsible, motivated and I love my profession, I decided to emigrate to Luxembourg to improve my quality of life, the fact that I still do not master French prevents me from going to school to work, but I would really like to remain connected to the children and that's why I chose to try to be a nanny, I have a wide list of professional internships with children from 5 months to 9 years old and last year I was an educator responsible for 3 classrooms (nursery, 1-2 years and 2-3 years) in Portugal . I'm available according to conversation, I'm waiting for contact
