Looking for a Nanny job (already in Europe)

[] Childcare

I am Joema, 31 years old, single, Filipina, can speak and write English very well. I can also speak some French. I have wide experience as an Au Pair. I am good in taking care of the kids and cleaning the house. I can also cook (Filipino and Italian foods). I am kind, honest, responsible, and energetic person. I am currently studying French language in Switzerland and I am searching for a family in Luxembourg to hire me as Nanny that works 35-40 hours a week. By the way, I did live in Luxembourg before as an Au Pair. I am looking forward to your response and I hope that we will have a good relationship during my stay with you. Thank you so much. :)
