

Occasional babysitter in Luxembourg

[] Childcare

Hi parents! I'm Agathe, 26 years old and I've been working in Luxembourg for a year now. I'm half French-half Spanish and also speak English fluently. All my life I've been surrounded by babies and kids (cousins/ neighbours) and have been babysitting since I can remember, especially during University year. I've also been an au pair in Germany for 6 months. Since arriving to Luxembourg, I've been missing having kids around and would be really happy to babysit your child(ren) sometime! I'm available most days of the week after work (from 6:30 pm onwards) and on some weekends. Don't hesitate to contact me if you need occasional babysitter to go to the park, do fun activities or simply make sure your kids are fine while you on a night out.
