

Private Courses

[] Tutoring and education courses

Engineer holding a Ph.D. in statistics and informatics gives classes in Maths, Arithmetics, Algorithms, Informatics, and Physics. I carry more than 15 years of academic and teaching experience with young people to prepare them for their challenges. I am here to listen to your needs and requirements and tailor a class series that meets your expectations. With my methodology, students should get the 80% of the knowledge needed during the private classes. The classes are offered online or in person. Courses: - Math - Statistics - Physics - Trigonometry - Arithmetic - Preparation bac scientific - Algorithms - Informatics
