

Looking for host family

[] Childcare

Dear host family, I am already very excited about getting to know you. But, first of all, I would like to introduce myself to you. My name is Ivy I am 25 years old and from the Philippines. My parents, Alwin (49) and Marian (53), I have 2 brothers Ian (27) and Renzo (20). We own a small business (sari-sari store). I would describe myself as a reliable and caring person, who tries to make the best out of every situation. I like spending time with my Pets, Family, or sometimes I love being alone. I'm always there if they need me. In my free time, I like to listen to music, go shopping or dance. Dancing is one of my favorite hobbies. Furthermore, I enjoy watching movies and I enjoy singing. At the moment, I manage our small business. I enjoy this job very much, because I am able to bond with many customers. For the past ten years, I took care of my cousins and nieces. I became very close to them and I cherish the time I have spent with them. When my brother was younger, I also took care of him, when our mum was working. Through this time, I have found out how much fun it is to have children around, I can't imagine a life without them. I have a family in Luxembourg who is working as a Nanny and also in Belgium. My Aunt in Luxembourg will help me process the papers because she knows the procedures and it will be easier for me to finish it on time. The reason why I want to be an au pair is that I want to learn more about different cultures, improve my skills in foreign language. Most importantly, it would be a great chance to spend an entire year taking care of children. I hope we can develop a good relationship, working and living together as a family. I would be very happy to experience an eventful year with you and your kids. I am looking forward to talking to you. Yours sincerely, Ivy
