

## Experienced & kind nanny looking for host family

[ ] Childcare

Dear Host Family, Good day! I hope everything is going well with all of you in the family. I am looking for a host family as a nanny/housekeeper since my contract will end this year September 2023 here in Luxembourg as an aupair. I am hoping to stay for long term. Four years ago, I was an aupair of a loving, generous, kind, active family in Oslo, Norway. I looked after 3 girls ages 7 and the twins are 5. In their day-to-day basis, I helped with preparing breakfast, bringing and picking them to the train station, prepare the kids' lunchboxes, help them to get dress in the morning, doing some light household chores such as making the beds, tidying playroom and kitchen, cooking, light cleaning as they have cleaners and occasionally, babysitting(payed). I have attended language course during this period. I really enjoyed and treasured the beautiful experience during my stay with them. Then, I moved to Copenhagen, Denmark and stayed 2 years with a loving, caring, generous and easygoing host family and helped with looking after 2 girls since they are 3 yrs old and 10 months old. Last year after my contract ended, I moved to Luxembourg, Luxembourg as aupair again with a generous and kind family with 2 girls since they are aged 5 and 4 months old. Aside from my experiences here in Europe, I took care of my 2 younger sisters when they were young and also my nieces and nephews. My contract will end this year so I am delighted to be welcomed into your family. This could be one of my great experiences. You can expect that I will be responsible in taking care of your child/children and become their "big sister". You can rely on me in helping with the children in any way depending on what your family needs. I'll be glad relating with you more of the task and responsibilities I am able to do. In addition, I am also easy to talk to if you have favor or request. I believe that everything goes well with an open communication. I will be expecting that you will treat me well. You can expect that I have respect on you and that I am trustworthy adult to rely on as well as keep your children safe and happy. Thus, we may have a good relationship. The love of children, desire to help in your day-to-day basis, fulfilling my dream of living in Europe while experiencing the culture, opportunity to learn new language, and a home away from home that I become part of the Host's family are my reasons why I am motivated to become a nanny. Thank you so much for your time reading and I'm happy to hear from you. Wishing you a very pleasant day! Best regards, Amilyn
