Cheerful, independent, responsible and empathetic caregiver with 20 years of experience supporting international families in Singapore, France and Luxembourg. I have been working as a nanny for 20 years experience has been in caring for children, I also have experience with the senior community and I have a desire to transition into caring for the elderly. I am well acquainted with all aspects of running a household. Additionally, I have certifications in both caring and first aid. I moved to Luxembourg just over a year ago and would like to stay here for the long term. My current employer is looking to relocate which is why I am searching for a new employer. Please feel free to reach out to me if you or your family would like to meet. Kind regards, Milchie,
