Are you looking for a Babysitter ?

[] Childcare

Are you looking for someone to take care of your children when you want to go out for a romantic dinner or to have a few hours without your children ? Call me , I‘m 20 years old , portuguese , fine, patient and I love children . I‘m actually on 1GGE (Technique General) , I can cook and I love animals. I already have done babysitting a few times and I have 3siblings , so I know how to deal with children.
