

Babysitting Cleaning Garden Maintenance Pet care

[] Childcare

I am a tourism professional with more than 11 years of experience guiding tours, hosting and providing exceptional experiences to traveling families. Fluent in Spanish, Portuguese and intermediate level of English. For me, parenting is a real responsibility since the outcome of an adult will depend exclusively on the experiences lived during their development in childhood. I have experience caring for my three nephews, house cleaning since I have lived alone in a house for 5 years so I also learned a lot about gardening and plants, and I also had two dogs for 13 years. I am honest, enthusiastic, at the same time disciplined. I like dynamic, analytical and methodical work. Please do not hesitate to contact me if you need more information.
