

## **Pet and House sitter**

[ ] Pet-sitting

I am a 22-year-old student and a lifelong animal lover with years of experience caring for pets for family and friends. Being a long-term vegetarian, my commitment to animal welfare is a core part of who I am. I am empathetic, observant, and dedicated to making sure your pets feel safe, loved, and comfortable while you are away. Experience & Skills: Cat Care (including Special Needs): Extensive experience managing households with multiple cats. I am comfortable handling medical or hygiene challenges, such as senior cats with renal issues, ensuring both the pet is cared for and the home stays spotless. Dog Walking & Boarding: Reliable routine management, including walking (3+ times a day), feeding, and interactive playtime to keep your dog happy and active. House Sitting: I am an extremely quiet and respectful guest. I maintain a clean and tidy home, follow all household instructions to the letter, and prioritize being a good neighbor. I do not host guests or throw parties; my focus is entirely on your home and pets. Why choose me? I don't just "watch" your pets; I treat them like family. Whether it's maintaining a strict feeding schedule or providing the patience needed for a shy animal, I adapt to their personality. I am available for both daily visits and long-term overnight stays. Languages: English & Spanish. Status: EU National (German) with immediate availability.
