Looking for a Nounou/Live in who likes to travel

[] Job offers

I am looking for a live-in nanny 1 day off/week in Luxemburg June 2018 with experience to take care of my 2,5 years old twins. This person should be responsible, flexible, attentive and fun… playful with children, encouraging creative play, reading, arts and crafts and outdoor exploration and loves to travel. We will be living between Greece and Luxembourg. Ideally nanny will be fluent in English. From September the children will be at school for about 4hours/day. We travel abroad very often. My son and daughter are very loveable, warm children who laugh a lot and love music and dancing. They are easy and quite independent but need a lot of supervision, given their age. They are already world travelers.
