

Looking for an Au Pair job in Louxembourg

[] Childcare

My name is Deborah and I'm a 28 years old Brazilian educated professional (female). I'm motivated now to move to Luxembourg for personal reasons. My first language is portuguese, and I am also fluent in English. I can also easily understand Spanish, although I still have some limitations in speaking it. When it comes to child care experience, I have looked after children in an informal context. I've taken care of my cousin when she was 5, picking her up from school and staying with her after school hours. In addition, I also have constant contact with other children from my family. Furthermore, in recent years, I had constant contact with children outside my family, being a godmother from the children of two friends of mine. I'm a responsible, calm and easy going person. I won't need accomodation, since I'll be living with my boyfriend at Luxembourg City.
