

Dog hosting in a large home with sealed garden

[] Pet-sitting

Hi all, We are staying in Luxembourg for this holiday season and ready to take care of your dog when you are away! We have a very friendly male (neutralized) 3-yrs-old Jack Russell, and a big house with a huge safe & sealed garden where Jack and your dog can play! We are experienced in taking care of dogs, will do daily walks, your dog will be free in the house & garden. We also have transportation service and can come to pick up your dog as well. Let us know if you want to find out more! Eray & Gamze (English only)
