

Au Pair needed

[] Job offers

We are looking for an au pair for our 1 and 4 year old daughters. Living in our house with our family. We had a very successful au pair from the Philippines, but the visa only lasts a year and we need a new au pair mid June. We are a fun, outgoing family, looking for someone to be part of the family, play with the kids, help out with daily activities. Possibly travel with us on holidays if you want.
