

Looking for a Nanny position longterm

[] Childcare

Hello, My name is Esmeralda and my friends call me Esmie. I am 30 years old and came from the Philippines. I am currently an Au-Pair here in Luxembourg and is looking for a Full time Nanny position to be declared in Luxembourg. I have worked with families with 2 kids and 3 kids, with ages between 2 to 14 years old. I have been working with families for 4 years now. With the families I have been with, I take care mostly of their children, helping in the morning to get them ready for school and take them to school if necessary (by bike or by bus). Once the kids are at school I clean the house, iron clothes, do the laundry and etc.. I also take care of the kids when they are sick. I am familiar with basic first aid since I am a licensed nurse in the Philippines. I can also provide recommendation from my previous family. If you are interested do not hesitate to send me a message. Looking forward to hearing from you. Have a great day!
