

Luxembourgish & English Tutoring

[] Tutoring and education courses

My name is Lily and I can help you learn Luxembourgish or English! I was born here in Luxembourg, went through the Luxembourgish educational system and am also a native English speaker. I have experience teaching Luxembourgish (especially to learn how to speak Luxembourgish) and can definitely help you if you have difficulties with the English language. Online lessons are great now as well (Skype - free). Don't hesitate to message me:-)
