

Looking for a nice person to look after our kids

[] Job offers

Hello, From mid-September, we are looking for a nice, trustworthy and reliable person to take care of our adorable 3-year old son and our equally adorable 1-year old daughter (play in their room, read them stories, take them to the park, maybe give them a bath and/or dinner, etc.). My wife and/or myself would be at home, so the aim would be (i) to get some extra help and (ii) to expose our kids to a foreign language (they both are French-speakers). To the latter end, we are looking for someone that is a native English speaker. We are flexible on the days, but we need someone 2 days a week (any days from Monday to Thursday, not Friday), between around 18:30 and 20:30. We live in Belair, just next to the Parc de Merl. Remuneration in adequacy with diplomas and experience. References required. If you are interested, please do not hesitate to reach out! :) Looking forward to meeting you, Kind regards, Guillaume & Family
